

# THE OCEAN<sup>TM</sup> CLEANUP

THANK YOU FOR TURNING THE POLLUTION OF YESTERDAY  
INTO THE CLEANUP OF TOMORROW

I am giving you sunglasses made  
from the first ocean plastic caught  
by The Ocean Cleanup, during their  
offshore mission in 2019.

The contribution will help to clean  
an area the size of 24 football pitches.  
Wear them to share the story!
